Executive Summary

“GeBBS has built an extensive track record of successfully enabling our Higher Education clients reach their IT objectives by leveraging our industry expertise and aligning the right technology expertise with their initiatives and goals.”

Objective

The primary objective of this Executive Summary is to introduce you to GeBBS and provide you with an overview of our PeopleSoft Higher Education Practice. We would appreciate your consideration for becoming your PeopleSoft Higher Education implementation and support partner.

Company Overview

GeBBS is a leading technology solutions and outsourcing firm based in Englewood Cliffs, New Jersey with two full service software development and maintenance centers based in India and sales and delivery offices in the US including New Jersey, Maryland, New York, and Colorado. Our in-depth understanding of the PeopleSoft's Enterprise Campus Solutions enables us to provide innovative end-to-end solutions to our clients, which include Project / Implementation Management, Software Upgrades, Functional Design, Customizations and Integration, Maintenance and Support, and system conversions.

GeBBS' long record of successful engagements stems from our understanding of business processes, technological expertise and diligent follow through. Developing a thorough understanding of our clients' business drivers and strategic goals is essential to orchestrating an IT solution that reaches measurable improvements. GeBBS' consultative process identifies proven technologies and processes to achieve our clients' objectives. We help our clients succeed by leveraging our PeopleSoft Higher Education domain expertise and our innovative and cost effective approach implementing winning solutions.

GeBBS' formula for successful service delivery is simple: retain a world-class team of highly skilled PeopleSoft Professionals, implement and maintain robust processes and infrastructure, maintain and expand our in-house Higher Education domain expertise, and our complete commitment to our clients. GeBBS' rich history of PeopleSoft experience and successful engagements provides the assurance that we'll be here to support your continued growth.

In every client engagement, we seek to create the *“GeBBS Experience”* – when a client can say, *“I trust GeBBS because they understand my business and deliver on their promises.”* The GeBBS Experience is created through our commitment to integrity and wisdom – delivering on every promise and providing world-class expertise

coupled with a solid understanding of our clients' strategic goals. The result is GeBBS' position as the Healthcare Solutions partner of choice for both our clients and employees.

Why GeBBS?

GeBBS adds value to organizations by providing the best resources at competitive rates with an on-going commitment to compliance, service and performance excellence.
